

Ministry for Foreign Affairs

The Ministry for Foreign Affairs presents its compliments to the Diplomatic Missions represented in Sweden by a resident or non-resident Head of Mission, and to the career Consular Posts, and would like to convey the following.

Please be informed that notes verbales and other communications from Missions destined for other Departments at the Ministry and other parts of the Government Offices or Government Agencies should not be sent through the Protocol Department. Sending such communications directly to the addressee will save the Mission time and enable you to establish a direct contact with the relevant and competent ministry or agency in question. If the Mission is unsure of which ministry/agency is most appropriate, the Mission may contact the Protocol Department for advice.

With regards to communications with the Royal Palace, the Ministry would once again like to refer to circular note No. 4/2019 and information under the relevant section of the Diplomatic guide.

The Ministry for Foreign Affairs avails itself of this opportunity to renew to the Diplomatic Missions the assurances of its highest consideration.

Stockholm, 26 March 2020
